

March 2020 Edition no. 77

In this e-news: Covid 19 Update

The update attached, is being sent to you as a result of the stage 2 restrictions announced over the last week, and many of the DSS's being closed as a result of council/public buildings and police stations closing the DSS.

The recommendations as noted in the advice are what the association believes is the best for all Honorary Justices to remain safe. We are in discussion with the HJSS, on looking at alternatives which can be set up safely for all Honorary Justices; and we will provide more updates on this when the position is clearer on how to set this up.

As events have changed quickly with updated announcements on a daily basis, it is important that the safety, health and wellbeing of all JP's & BJ's is the primary concern.

I wish you all the best as we all work through this difficult time together.

Best wishes,

Paul Mracek JP FRVAHJ

President, RVAHJ
